RMT SERVICES

RMT SWEDISH RELAXATION

Our RMT will produce light-medium pressure in order to bring you deep into relaxation.

RMT CUSTOM

This service can be customized based on what our RMT recommends as well as personal preferences. Can include minimal deep tissue techniques, essential oils, heat, therapeutic Balms, or a little focus on a good scalp massage.

RMT DEEP TISSUE

Our talented RMT will use deep tissue techniques to help loosen any tense muscles and work with you on a home routine for stretches to continue to relieve tension.

ABOUT OUR SPA THERAPISTS

Our spa team is small, but mighty, we have one RMT and one Esthetician that work together to pamper our guests. We also have occasional holistic services on site!

CHRISTINE CAMPBELL, RMT

Christine graduated with honours from Trillium College's Massage Therapy program in 2018, she is passionate about relieving pain and reducing stress in those that need some assistance. Christine has been providing legendary massages at Sir Sams since December 2021 and she will leave you "more tenderized than a Wagyu sirloin" She has a passion for outdoors and many different sports.

SARAH MCBRIDE, ESTHETICIAN

Sarah Graduated from Durham college's Esthetician, Spa Management program in 2022, she is passionate about relaxing the muscles you don't know need attention, with additional certifications including TMJ massage, Buccal massage, reflexology and all the skincare knowledge you could ever ask for. She has been providing "the best facial" as well as tension relief massages for Sir Sams since June 2022. Sarah has a passion for comfort and treating insecurities.

BODY SPA

BACK SCRATCH FROM HEAVEN 30 MINUTES

A light-medium pressure back scratch, helps relieve stress and tension, we highly recommend choosing some personal favourites for music to enhance the relaxation.

BODY WRAPS 30-75 MINUTES

Our mini body wrap is for those that are struggling with extremities such as legs and arms, can also be added onto a back massage. Full body wraps are offered in mud, seaweed or aromatherapy. For each you will have all areas exfoliated and a mask or oils applied, your esthetician will help wrap you into a warm cocoon, you will have the choice of solo relaxation or adding on a facial/scalp treatment.

BLISSFUL HEAD SPAHH 45 MINUTES

This Treatment can be customized to your hair and scalp needs, but most importantly we are focused into leading you into a blissful state of relaxation through an entrancing neck and scalp massage. Using a range of essential oils as well as Moor's Hair Vitality treatment, this service will strengthen your hair and stimulate healthy hair growth.

NON RMT MESSAGES 45-90 MINUTES

There are very little differences between an RMT massage and a treatment with our esthetician, maybe a little less pain=gain and more snoring. Use our add ons to customize your treatment.

BODY FACIAL 60 MINUTES

A body facial is simply put a facial for the body, it can be performed on the back, buttocks and breasts, up to your comfort. Customized to your main concern.

BUCCAL MASSAGE 30 MINUTES

A lifting and draining massage that loosens tension, in the face, involves therapist having thumbs/fingers inside of the mouth. Any remaining time will be spent on the neck/shoulder area.
